Fall in prices of coffee

*74. SHRIMATI BIMBARAIKAR: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether Government are aware of the steep fall in prices of coffee; and

(b)if so, the details of action taken to contain such fall in prices to protect the coffee growers?

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI RAJIV PRATAP RUDI): (a) Yes, Sir. In the recent months, due to surplus coffee production by producing countries leading to a mismatch between demand and supply, the prices of coffee both in global and domestic markets have been witnessing a downward trend. As such coffee growers are not getting the same price for their produce which they were getting 2-3 years ago.

(b) With the liberalisation of coffee industry, the trade is in the private hands and the prices of coffee are determined by the market forces of demand
and supply. However for the benefit of coffee growers, the Govt, of India through Coffee Board has been operating several plan schemes under which
various types of financial and technical assistance are provided to the growers.
Further thrust is being given for increasing productivity of coffee particularly in small grower sector and improving quality of the product to achieve competitiveness in the international market. The Board is also encouraging large growers to produce speciality coffee which fetches attractive premium in the developed countries. All these steps are expected to stablize the prices in the long run and ensure remunerative return to the growers.

†Onginal notice of the question was received in Hindi.

In addition, at the behest of Govt, of India, the commercial banks have rescheduled the crop loans of coffee growefs and are also extending fresh loans to them. The Board is also implementing an interest relief scheme, which provides 5% interest relief to targetted small coffee growers on their working capital loans availed from the banks. The Govt, of India has also approved a transportation cost relief scheme to provide financial support of Rs. 500/- per ton to coffee exporters for reducing the handling costs.

Coffee Board has also started implementing a medium-term export strategy to sustain and gain market share in the key markets and also to improve the competitiveness of Indian Coffee in the global markets over the next few years.
